Our office will be on the right

Directions to Our Office

Since we have two offices in Düsseldorf please note that the meeting takes place in our office located in **Königsallee 58 A** in the very center of the town.

If you come by cab just tell the cab driver to drop you on Königsallee exactly in front of the Kö-Galerie the most prestigious mall in the center of the town. Standing in front of this gallery there is one aisle of the mall defined by the shop “Aigner” on the right side and the shop “Robbe & Berking” on the left side. Please don’t take this aisle of the mall but the next entrance left to the “Robbe & Berking” shop this aisle is defined by the jeweler’s shop “Christ” to the right and the “Bally” shop to the left. The floor is in black and white marble. When you have passed the jeweler you will find a mirrored door to your right. We are on the 5th and 6th floor and you can reach the 5th floor by elevator.

If you come by car leaving the motorway you always have to follow the signs „Düsseldorf Zentrum/Innenstadt“. The Königsallee is located in the centre of Düsseldorf and is easy to find. The easiest way to park your car is to follow the signs to the underground parking-lot „Kö-Galerie“ which is located in the Grünstraße, a small side street of the Königsallee. Please take the elevator from your parking level (there are two areas with elevators) and go to the ground floor of the Kö-Galerie (press EG/Erdgeschoss). When you exit the elevator’s area please go to the center of the shopping mall which is a round area where you find the escalators going to the basement and to the first/second floor. From here please take the main aisle heading towards Königsallee which is cornered by the shop “GANT” on the one side and the shop “Lacoste” on the other side. A few meters after the shop “La Graf” make a turn to the right, following the aisle which then makes the turn to the left and brings you to an aisle with a floor that is checkered in black and white marble. Behind the lingerie shop “Claudia Rüdinger” and before you reach the jeweler’s “Christ” on the left side you will see a mirrored door. You will find us on the 5th and 6th floor. Just ring the bell and take the elevator to the 5th floor. At your arrival on the 5th floor, please ring the door bell again.

We are looking forward to meeting you!
